

I am writing in regards to K-LOVE radio station possibly being taken off air replaced by LPFM. K-LOVE provides a great service to the Christian community, giving insight, music, and news from a Christian-positive perspective. It provides information on community activities on a daily basis. Good Christian radio stations are hard to come by -- K-LOVE happens to be one of the best and would be sorely missed should it be replaced by an LPFM. I urge you to keep this station on the air.
